

## REMARKS

The allowability of all the claims except for formal objections and the restriction of claim 36 is acknowledged appreciatively and accepted.

The restriction of claim 36 is problematic in view of original and not restricted claims 22 - 24 but nevertheless accepted by cancelling claim 36.

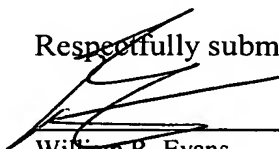

The objections to the claims are attended to above, except for claim 7 and the faces of claim 25.

An antecedent basis for the further comprising of a chamber cannot have been intended. Antecedent bases refer back to previously claimed matter; further comprising adds newly claimed matter.

The cavity of claim 25, like all cavities, is three dimensional. Three dimensional objects have six faces and, therefore, there can be no objection to claiming third and fourth faces in claim 25.

The application is passable to issue of right by compliance with the Action or by reconsideration and allowance.

Respectfully submitted,
